

Executor Instructions for the Will of Bonnie Troutman

Dear Bruce and Joe,

In my will I have given you full authority to manage my estate. I am giving you here some suggestions that might help you in your decision making.

If I die before Bruce, consider managing the estate so that he will be provided for in every way.

When we are both dead, consider these ideas on the distribution of my remaining assets:

1) 5% to the Executor for managing the estate.

2) 10% to the Joe Benin family.

3) 5% to the Cameron Turley family.

4) 3% to Janitzia Horne

4) 10% for any other good purpose. From this you might give some amount like \$1,000 to any of our biological children or grandchildren, if they visited us before our deaths.

5) Any jewelry or other girl things might be distributed among the ladies of the Benin, Turley and Rudman families.

6) Any of Bruce's guy things might go to the men of the Benin, Turley and Rudman families.

7) All of our healthy dogs are to be placed in good homes. Any sick dogs can be put down. Dr. Stephen Tkac at Bridge Park Animal Hospital will provide assistance.

8) The balance should be distributed equally between those who we have given monthly automatic donation payments. A list is attached. These can also be found in my USAA account.

Notes:

1. The Rudmans are beneficiaries of my annuity balance from Security Benefit
2. If any of the couples above should divorce. the portions mentioned should go to the wife.

Thank you for being my executor and backup executor.

Love,

Bonnie Troutman
